Providing a variety of learning opportunities for young children

Inquiry Questions

1. How does a facility promote physical activity for children?

2. How does access to multi-sensory, experiential learning impact children’s outcomes?

3. How do we use the skills and talents of staff to enhance the environment?

4. How do our values and beliefs about how children learn influence our design principles and details?

5. How does the outdoor environment enhance the learning opportunities we provide inside, and vice-versa?

6. How do we help educators fully incorporate the outdoor environment in their educational planning?
