VoiceThread Guide

Contents

Setting up your VoiceThread link

After you have added VoiceThread to your course, you'll need to decide what you want students to see when they click on that link. Start by clicking on the link you've just created and selecting the option you'd like to use.

Click here for a video overview of each option.
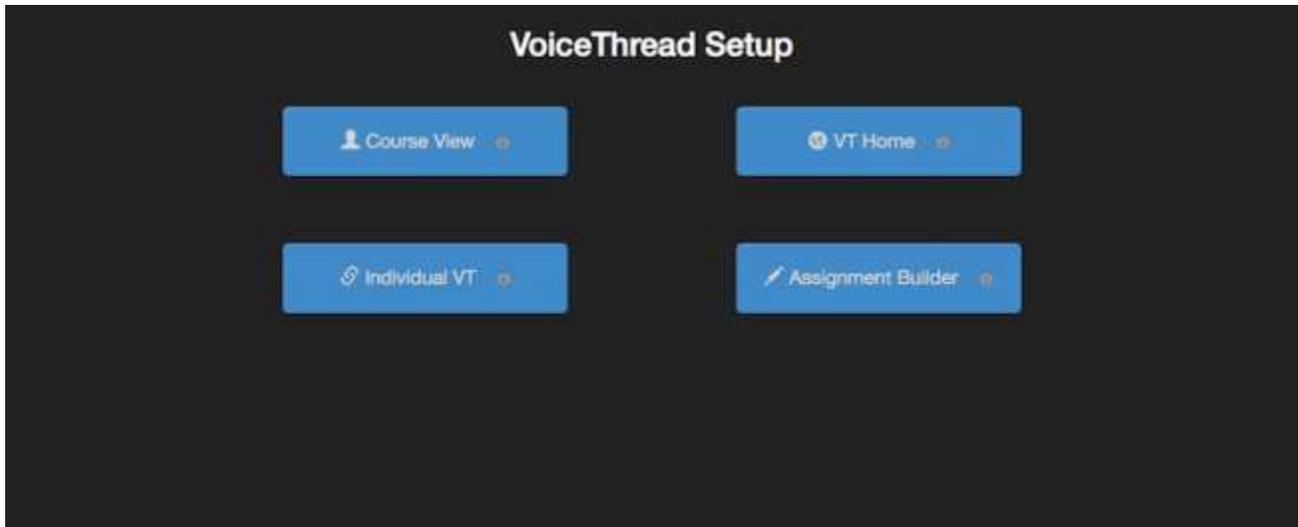

Course View

Display the collection of VoiceThreads that have been shared with your course. Anything that has not yet been explicitly shared with your course will not appear here.
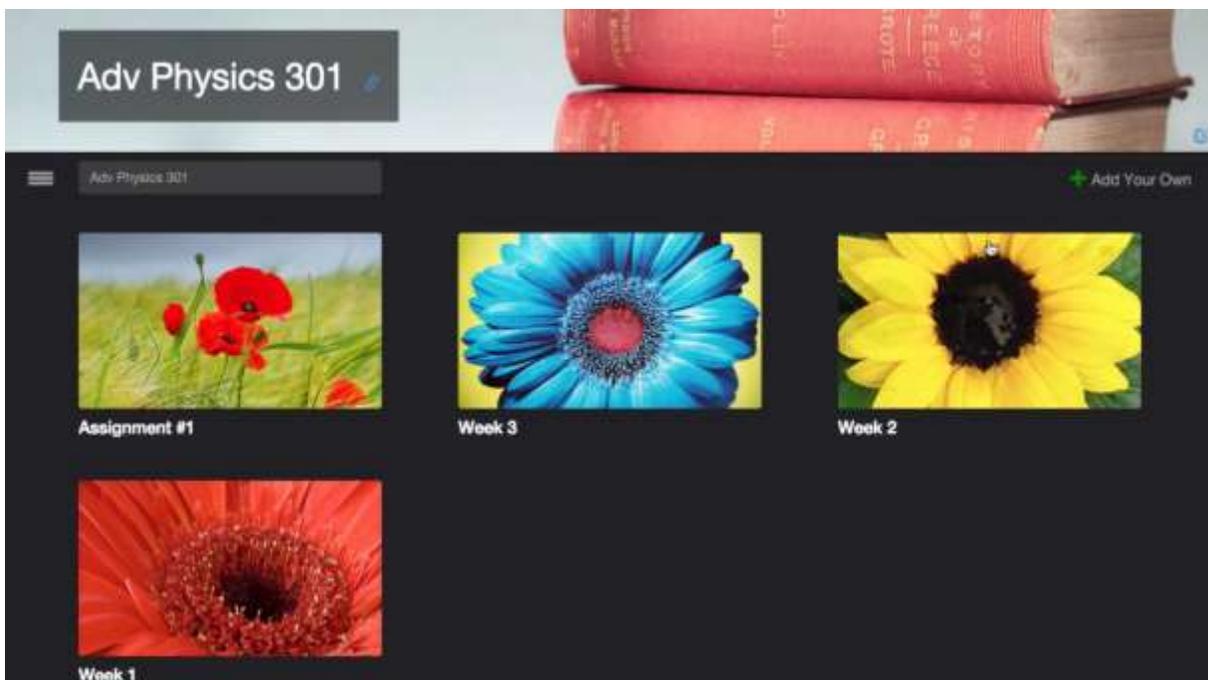

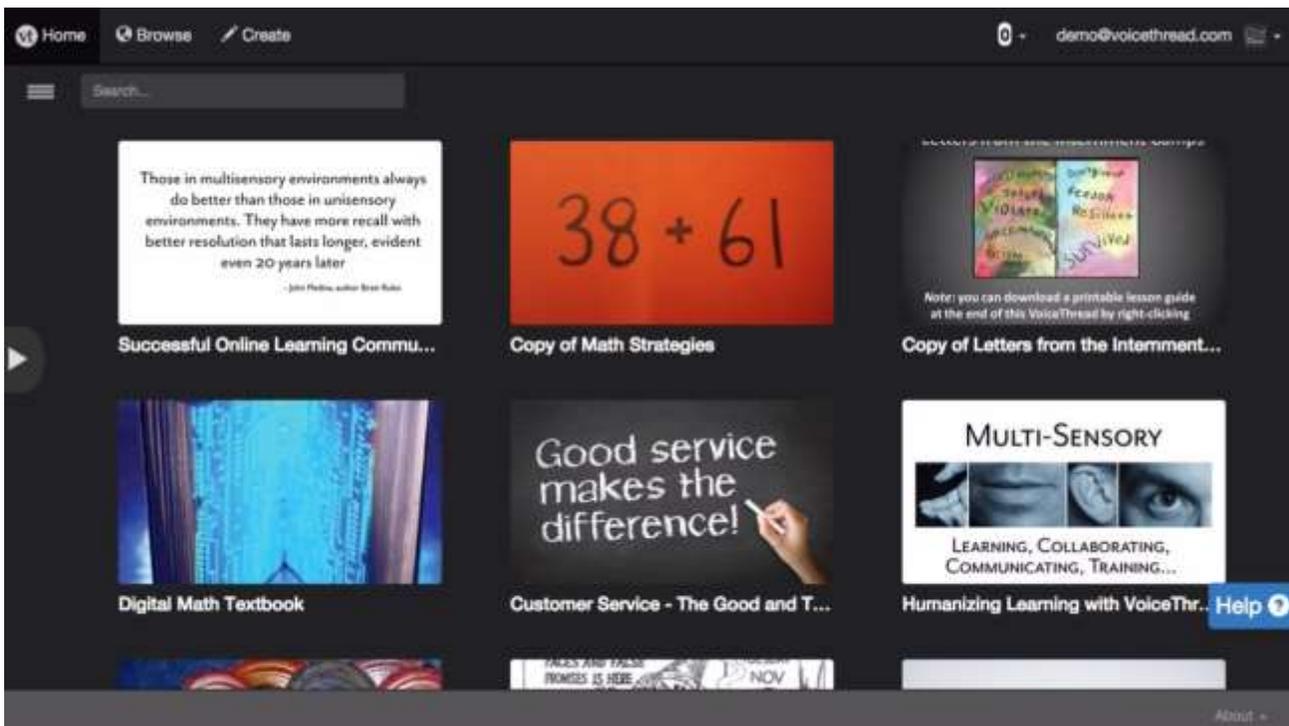

Individual VT

Display any VoiceThread that you have created. When students click on the link, they'll see only this one VoiceThread.

VT Home

Display all of a student's VoiceThread content in a single view. This includes all VoiceThreads and all courses that belong to them.

Assignment Builder

Create a graded assignment for students to complete. You can require them to create a VoiceThread of their own to submit, to comment on a VoiceThread you've created, or simply to watch a VoiceThread start to finish.
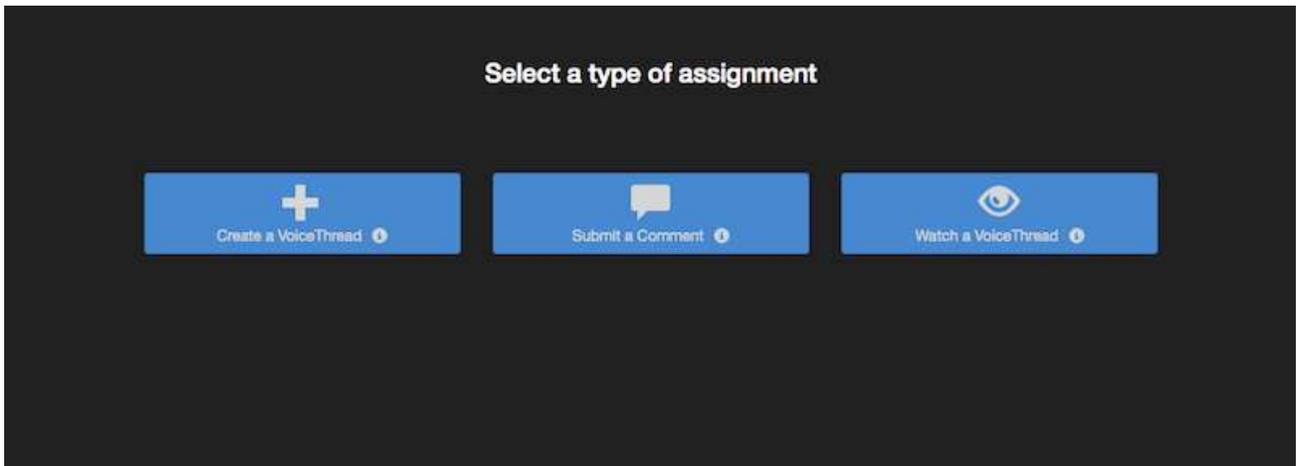

After you've selected the type of assignment you'd like to create, you'll be walked through the steps to complete the setup process. You can include a description for your assignment, select a VoiceThread you've created for the Comment or Watch Assignment, and even require a specific number of comments for the Comment Assignment.

Student Assignment Submission

When students click on the link for a graded assignment, they will see the assignment you've created. They can immediately create or select a VoiceThread to submit for the Create Assignment, record comments on your VoiceThread for the Comment Assignment, or watch the VoiceThread for the Watch Assignment. As soon as they click on the "Submit Assignment" button, you will be able to grade their work.

Grading student work

When you're ready to grade a VoiceThread assignment, simply return to your course and click on the VoiceThread link again. This will display the grader.
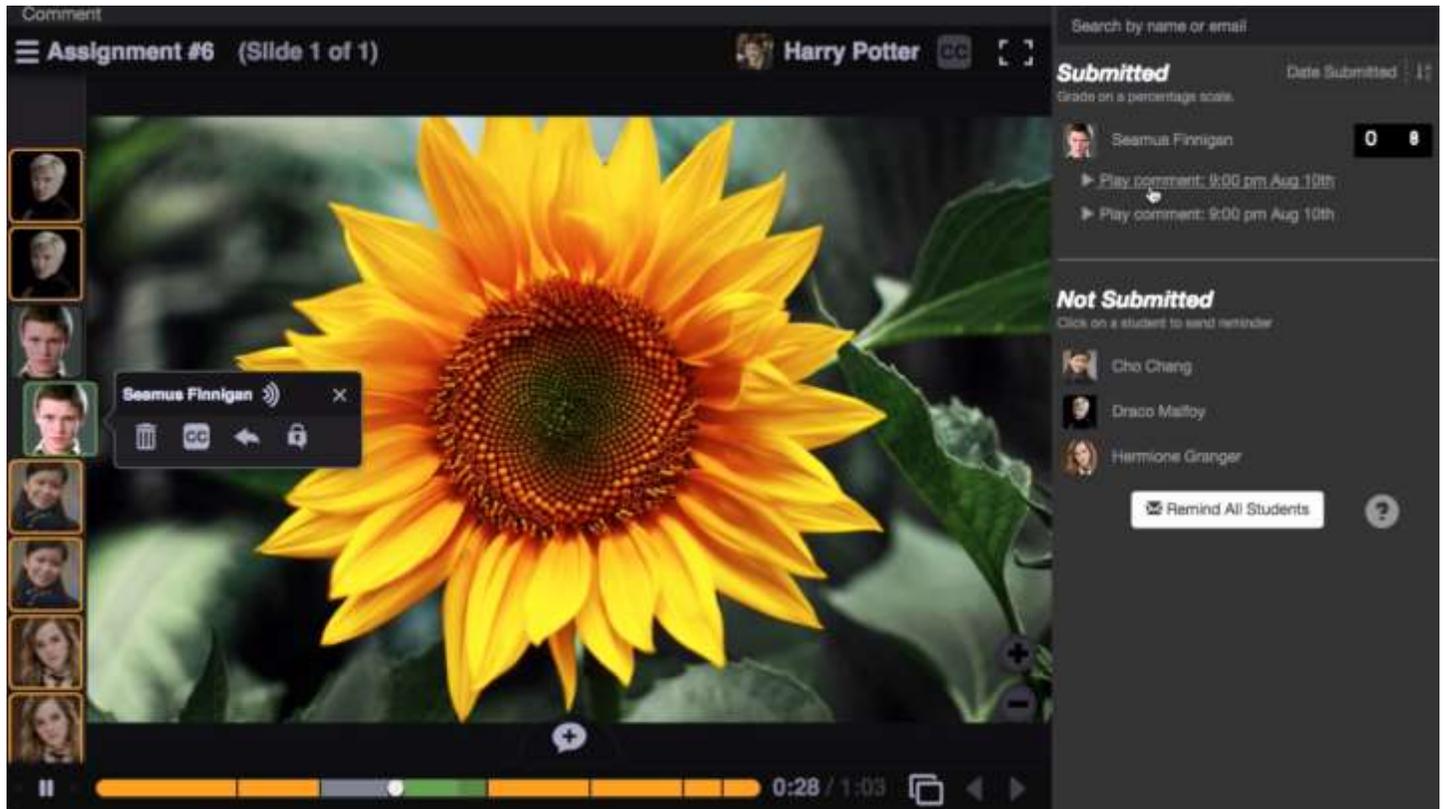

Click on a student's name on the right to see that student's submission. You can click on each comment below his or her name individually to jump directly to it. Enter a grade on a scale of 0-100, and hit "Enter" on your keyboard. This grade will immediately be entered into your LMS course gradebook.

* Note: If you have set the assignment to be worth less than 100 points, ***still grade it on a scale of 0-100***, and the score will be adjusted accordingly in your gradebook.

If you have students who have not yet submitted their assignments, click on the "Remind" button to send them an email reminder.
